Let's think clearly about the possible personal liability and ultimate tax liability of every taxpayer should there be an accident incurring personal injury, personal property, and or road damage.

Let's think clearly about the details of "insurance umbrella," "will assist the town in repairs," and other terms used to make the public feel better about these disasters waiting to happen.

Let's start asking for specific details to define these and other terms.

All of those Lewis County officials who are looking at "economic" picture are looking to save their big salaries, since they all recently received pay hikes. No law enforcement is the bigger issue surrounding the county trail system year around. Sheriff's department recently bought 2 UTVs for \$37,000! Not everyone in this county believes that an economic boom is good for the local taxpayer. We will all pay more taxes down the road if the county plans come to fruition. Some people enjoy the serenity of country life. People, wake up!

The minimum age to operate an ATV in New York is 10 years old. Why would you invite 10 year olds -- in tippy vehicles without seatbelts -- on to the same streets and roads as cars and trucks? Check the news files, kids 10 to 14 were injured on ATVs in Lewis County last year.
